### To Whom It May Concern:

When I renewed my lease on the office in which I practice medicine, I was granted a tenant improvement allowance. I was referred to Ms. Terri Robinson's Construction Company by a local commercial real estate agent. I could not have been more pleased with Ms. Robinson's professionalism and quality of work. She supervised her crew at every step of the process coming in always on time and within budget. Ms. Robinson provided excellent advice and resources on color, furnishings and decorative items. I was more than satisfied and entirely pleased with the process and results of my remodel.

I whole-heartedly recommend Ms. Terri Robinson for your construction needs.

Sincerely Yours,

Pamela M. Carr, M.D., PA
