## Letter of Recommendation

Construction By Design  
Attn. Terri Robinson  
12121 Westheimer, Suite 102-139  
Houston, TX 77077

When I set up my first appointment with Terri I really did not think she would end up being my construction planner. After several meetings and conversations, her attitude of making things happen and attention to the budget had me hooked.

Through out the building process people asked me if I had begun to hate my builder yet. To the contrary we were becoming quite good friends despite her having to work with my complicated requests and changes. I would find her attention to detail is beyond any builder. If you want to have a great experience with construction, Construction by Design is the only option.
