Dear Terri:

Wanted to take a moment and tell you how Great you are. We could not have completed our build out and purchase of the title co without your professional help.

You designed the space for our Memorial office and then built it out in record time – below budget. You handled all of the coordinating of utilities, phone service, equipment, for all 2 branches. Just a fantastic job.

I would highly recommend your services to anyone. They can call me direct for even more details of the fantastic job that you did for us.

Sincerely,

**Ronnie Matthews
